NEW YORK HI ALTH PRIDAY, OCTOBER, IS, 1874-TRIPLE SHEET.

Signor DEL PUENTE

SIGNOR PIORINI

## THE BOARD OF APPORTIONMENT.

Paying the City's Legal Advisors and

Advocates—The Annual Estimates To Be Revised on Monday. The Board of Apportionment met yesterday at One O'clock. Comptroller Green moved to take up the annual estimates for the coming year. Mr. VANCE moved to print them first, in convenient slips, for the use of the members. Mr. Green quernlously declared that they had been public journals. After a little grumbling on both sides Mr. Vance said he had no objection to take up the estimates if they were only printed, and a compromise was effected by adopting both mo-

Mr. Green moved to pass the resolution appropriating \$55,000 for the new Third District Courtuse. Adopted.

Mr. GREEN moved to transfer to the appropriation for interest on city gebt the following acons:-From salaries, Department of Finance, for 1872, \$15,000; salaries, Executive Department, for 1872, \$20,000; salaries, Judiciary, 1871, \$30,000, and duplicating maps and records, \$25,000.

Mr. Wheeles moved to lay the matter over.

Mr. GREEN said, vehemently, that it was a natter which was of too much importance to be

matter which was of too much importance to be laid over, as it affected the credit of the city.

The motion was then adopted, Messrs. Green, Havemeyer and Vance voting aye.

Mr. Grhen moved a resolution authorizing him to issue assessment bonds to the amount of \$20,000 for the Department of Works. He expressed his regret that the bill pending during the last session of the Legislature, limiting the same of these bonds, had not been passed, and sneered at the frequency with which these calls for assessment bonds recurred. In another week, probably, another call would come for a quarter of a million dollars' worth of bonds. He offered the resolution, he contessed, with much relactance.

The resolution, as adopted.

of a million dollars, worth of bonds. He offered the resolution, he coniessed, with much rejectance.

The motion was adopted.

Mr. Green moved to appropriate an additional amount of \$11,500 for the Corporation Counsel. The amount required by him was \$35,000, but he could not find any funds from which more could be drawn for this purpose.

Mr. Driapield Smith, the Corporation Counsel, explained that he had from 2,000 to 3,000 cases on his bands, and gave a lengthy review of alt that would have to be done in the Ring Suits. He had eagaged the eminent counsel who appeared against the Ring in the State suits also for the prosecution of the city suits, and thought the suit against Tweed could yet be won. However, all this, and the resistance of unjust claims, required the talents of able lawyers, who had to receive compensation adequate to their high position at the Bar. The sum of \$50,000 had been appropriated for the coming year, and this amount Mr. Smith characterized as totally inadequate, more especially as more than half of that amount appropriated for last year was paid to counsel who were employed by his predecessor. He did not select the counsel engaged in the city suits for political reasons, but simply for their fitness.

LUCKY LAWYERS.

He had employed Mr. James C. Carter for the largest suits now on hand—those against the Ring, and his charge was heavy, \$5,000; but he was engaged by Charles O'Conor to assist him in the Jume case, and Mr. Smith knew him to be an able lawyer. So it was with the other lawyers whom he had employed, Mr. Barlow, Mr. Peckham and Mr. James M. Smith, who had won thirty suits out of fifty, something unprecedented in the history of the office of the Counsel for the Corporation. There were now before aim plains for \$25,000 for counsel lees. Mr. Smith, at the close of his long explanation, alluded to the resolution passed by the Board requiring that the Mayor should concur in all the engagements of counsel for city suits, saying that ig embarrassed him greatly. As to the motion of t

printing, stationery and blank books, was laid over.

The resolution requiring the concurrence of the Mayor in the employment of special counsel for the city in pending suits was rescribed at the request of the Counsel for the Corporation, who seemed to be on the friendinest terms with both the Green and the anti-Green faction of the Board, who appeared to be greatly pleased with the result of his efforts.

The Board then adjourned, without taking up the annual estimates. This will probably be done next Monday afternoon, when a lively time may be expected.

## BOARD OF ALDERMEN.

A regular session of this Board took place yester-

day afternoon, President Vance in the chair.

Aldermen Monnis presented a petition from C. B. Galy de Cantamet, asking permission from the Common Council to erect urinal pavillons in the streets of the city and keep them in repair at his own expense, conditioned that he is to retain control thereof-on the plans of those used in Paris

own expense, conditioned that he is to retain control thereof—on the plans of those used in Paris and other European cities. The petition was referred to the Committee on Public Works.

Alderman Kehr called up General Order No. 58, which is a preamble and resolution relating to the Excise Commissioners, as follows:—

Whereas there is a vacancy in the Board of Excise Commissioners now existing, and whereas it is the desire of a large number of citizens that an adopted citizen of German inflomality should be appointed to fill the same; therefore be it

Resolved, That we, the Board of Aldermen, as the representatives of the citizens, most respectfully request His Honor the Mayor to appoint an adopted citizen of German nationality of all the vacancy now existing in the Board of Excise Commissioners.

Alderman Billings amended to strike out "German nationality" and substitute "an American citizen of any nationality," in which shape it was adopted.

The members of the Board are by no means opposed to any particular nationality, but they would not be restricted to any particular country. On motion of Alderman Van Schalck, the Commissioner of Public Works was instructed to cause the railroad tracks now on the side of Cortland Street to be removed to the centre of the same, in order to give facilities to the store-keepers to take in their goods, and to remove the obstructions now in front of their places of oursiness.

obstructions as a ness.

A general order, directing the Police Commissioners to give out the street cleaning by wards and contracts, was taken up and placed on file.

After transacting some other unimportant business the Board adjourned.

## PREPAYING NEWSPAPER POSTAGE.

Third Assistant Postmaster General E. W. Barmake arrangements for printing the new stamps for the prepayment of newspaper postage in bulk. The plan adopted by the department originated with General Barber, and consists of a system of multiples, by which combinations are formed, and postage above two cents may be paid with stamps in no case amounting to more than with stamps in no case amounting to more than dve in number. In order to give publishers every facility possible the mail matter is weighed in bulk, computed as to weight and charges, and on payment of the postage a receipt is given. Stamps to the exact amount of the postage are then affixed by the one taking charge of the bag or bundle to a stub from which the receipt is taken, punched and retained in the Post Office as a voucher to the government. The following is a copy of the receipt book:

No.—

Amt of postage...

Amt of postage...

[Here affix stamps.]

The denominetions of the new stamps are twenty-four in number, ranging as follows:—2c., 3c., 4c., 6c., 8c., 9c., 19c., 12c., 24c., 36c., 48c., 69c., 72c., 84c., 69c., 51. 92, \$3, \$6, \$9, \$12, \$24, \$36, \$48, \$60. The designs for the stamps are strictly original and fully approved by Postmaster General Jawell. In his report to the department General Barber gives great credit to Postmaster James for assisting him in his task.
